Suspension for 2019 Green Season:

Hanazono Niseko Ski Resort will be suspending all summer activity programs at Hanazono due to the ongoing development. We do apologize for any inconveniences this causes. We will still be offering bike rentals from our Niseko Sports shop in Hirafu.

Once development is complete, Hanazono Niseko Ski Resort will rival the best on-snow experience anywhere in Japan. Hanazono will be boasting a new hotel and apartment complex under Park Hyatt management, a new on mountain restaurant, 6-seater heated chairlift, and a 10-person beginner Gondola. We are also planning a range of new and exciting summer activities to complement our winter activities and Golf course operations, making Hanazono and Niseko a truly year-round travel destination. We look forward to welcoming you to our newly developed resort from December 2019.

Period of suspension: 1st of September 2019 ~ end of Green Season 2019

These activities will operate as usual until 31 of August 2019:

- *Rafting
- *Ducky
- *Mountain Cycling
